

¹ Program Year: Program Year 2015 = July 1, 2015 - June 30, 2016; Program Year 2016 = July 1, 2016 - June 30, 2017
² Total Participants: Total participants that received program services during the program year. This data includes participants that identify as: female, male, or chose not to self-identify.
³ Total Participants in Training: Total number of participants that actively received program services during the program year, and attended training during the program year.
⁴ Females In Training: Total number of female participants that were actively receiving services during the program year and attended training during the program year.
⁵ Females in Training - Employed Q2 After Exit: The total number of Females in Training (see footnote 4) that exited the program during the program year, and were employed in the 2nd quarter after exit divided by the total number of females in training that exited the program during the program year. Employment information includes data entered by staff, as well as base wage data.
⁶ Females in Training - Wages Q2 After Exit: Average quarterly wage of females that attended training and were employed in the 2nd quarter after program exit (see footnote 5).
⁷ Females in Training - Employed Q4 After Exit: The total number of Females in Training (see footnote 4) that exited the program during the program year, and were employed in the 4th quarter after exit divided by the total number of females that were in training that exited the program during the program year. Employment information includes data entered by staff, as well as base wage data.
⁸ Females in Training - Wages Q4 After Exit: Average quarterly wage of females that attended training and were employed in the 4th quarter after program exit (see footnote 7).
⁹ Males in Training: Total number of male participants that were actively receiving services during the program year and attended training during the program year.
¹⁰ Males in Training - Employed Q2 After Exit: The total number of Males in Training (see footnote 9) that exited the program during the program year, and were employed in the 2nd quarter after exit divided by the total number of males in training that exited the program during the program year. Employment information includes data entered by staff, as well as base wage data.
¹¹ Males in Training - Wages Q2 After Exit: Average quarterly wage of males that attended training and were employed in the 2nd quarter after program exit (see footnote 9).
¹² Males in Training - Employed Q4 After Exit: The total number of Males in Training (see footnote 9) that exited the program during the program year, and were employed in the 4th quarter after exit divided by the total number of males in training that exited the program during the program year. Employment information includes data entered by staff, as well as base wage data.
¹³ Males in Training - Wages Q4 Quarter After Exit: Average quarterly wage of males that attended training and were employed in the 4th quarter after program exit (see footnote 12).
¹⁴ Race: Please note that data provided by race may be duplicated, as an individual may select more than one race. Additionally, some individual may choose to not select a race.
¹⁵ Hispanic Ethnicity: Hispanic ethnicity is captured separately from race, so there may be duplication for participants that identify as Hispanic, and one or more race.
